

Prayer Requests

- Roof for AM Church Plant !!
- Our children as they seek the Lord's will for service.
- Jonathan and Vivian in college
- Dental and VA health needs
- Provision for past travel needs.

Answered Prayer + request...

Last update we mentioned a **roof extension need** for the Asian Mission church plant. This has been completed but is temporary.
There are more people attending than seating available.

There is a huge need for a training center/multi-use church building. The ministry is primarily transient people, so it will be a long road to train up ministry leaders correctly.

Our preliminary estimate would be about \$75,000 to purchase land. Then depending on what land purchase, basic buildings and housing would be needed...**PLEASE PRAY FOR THIS!**

Another answered prayer was for Jonathan's college time... He graduated with high honors. As I've said before "good job to Mom" and grateful for Jonathan's diligence. He has decided to continue on into Natural Medicine.

'Tis the season...

We try very hard to listen to missionaries who have labored for years and learn from them. One such area we endeavor to ask about is the "next season" of ministry life.

We remember, years ago, asking dozens about raising small children on the field...so grateful we listened and learned. We have no small babies at this time and are really thankful, looking back, that we listened.

We are at another of these "seasons." That of older parents and dealing with deteriorating health. We are privileged to have all 4 parents still living and of sound mind... **God has blessed us.**

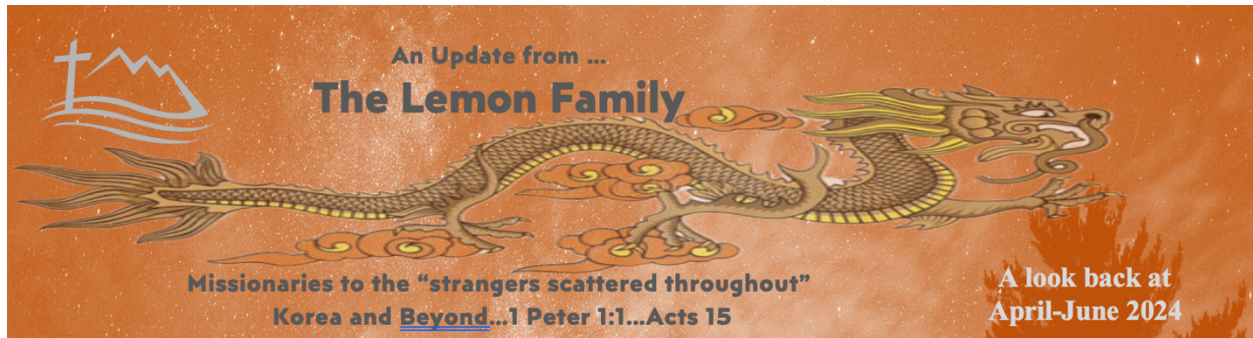

We have sought the advice of several older missionaries who have lost their parents and 100% agree to spend as much time as we can with each one of them.

Several have said "if you think you should go and visit...and you don't, one day you will not be able to and you will regret each day you didn't..."

BUT if you do, you will be grateful for each day you do...we are grateful for the past few months of visiting...

Please Continue to pray for church planting opportunities.

Last update letter we talked about an open door in outlying Asian countries...I wrote...

*...But what this is requiring, is that we do a little bit more traveling. For example, we have been **slowly assisting the Asian Mission Church plant in Thailand in building a strong grace-based ministry** rather than a works based or performance-based ministry. There are 3 more church build possibilities coming very soon as well. We would appreciate your prayers for wisdom in this. These are exciting days as we expand our outreach laterally with what God has trained us for...*

This all is defining itself as information comes in. Seeing that some of these other opportunities are in communist, restricted access areas, updates will be vague so please contact me personally if you are interested in assisting.

The Lord has broken up our efforts into 4 areas.

- 1) Moving PEOPLE
- 2) Moving PRODUCT
- 3) Mentoring by PREACHING
- 4) Multiplying by PLANTING

This all is clearly detailed. We are considering putting out a video but until then if you are specifically interested in assisting in this, we would love to personally chat about all these details.

Picture Update: The Lemon Family

Missionaries to the "strangers scattered
throughout"
Korea and Beyond
1 Peter 1:1...Acts 15

With 70+ people and monsoon season... a roof extension was a real need... please pray as we are looking into more permanent place to have church but also train leaders.

As mentioned,... we are looking at land for about \$75,000...**A definite prayer request**

Bamboo and plastic roof plus an added sun screen... thank you to all those who had a part in this...

****If you want to be a personal part of this ministry, please let me know.
There are many specific needs...Please ask!****
