Asian Mission church plant purchases land...

As mentioned in our last letter there is a huge need in most ministries for a training center or multi-use church building to train the next generation.

With our “Strangers Scattered Throughout Ministry” primarily being transient people, this is a main need.

For example...Asian Mission Church plant has, **of themselves, procured a small piece of land...** at this point we would like to assist in putting in a solid concrete foundation.

Please pray if God would lead you to be a part of this first step!!

Note: if something could be done by November that would very much help their current rental building situation...please
CONTACT ME ASAP.

Continued 5-fold objective established in 2005...

- 1) Saved, 2) Baptized, 3) Added to a local NT Church, 4) DISCIPLED and 5) Given a place to SERVE and MULTIPLY themselves.

When we began in 2005, we established a fivefold ministry objective. For many years this was quite a challenge. Periodically we like to report that this is now being accomplished in our extended ministry efforts each month for which we are grateful.

Just as a reminder...especially in Asia...we do not list these things in update letters as we desire to never “make merchandise” of people's personal decisions. (2 Peter 2:3) **We are grateful for your trust in us and simply ask you to always be in prayer** for the many we work with each week.

We have for some time been switching to a more fruitful means of personal discipleship over mass literature distribution. Please specifically pray for the 14 we currently have in discipleship. God has blessed exponentially...

Picture Update: The Lemon Family

Missionaries to the “strangers scattered
throughout”
Korea and Beyond
1 Peter 1:1...Acts 15

Currently we have **two more church planting opportunities** available to us. One in a completely open area and one in a **restricted access location**. Currently we will not branch out with these until we solidify the Asian Mission Church plant. Again, please let me know asap if you would like to financially assist with the concrete foundation project. (100-person auditorium)

It's estimated at \$ 9,000 for good concrete foundation. One that will help reduce snake infestations.
(Call me weak...but I don't love snakes)

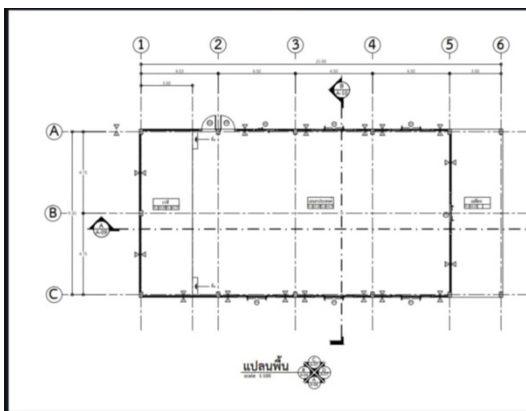

→ Poor foundations
make for unwanted
guests...

Good sermon illustration
there!

→ Basic building plan and Purchased Land
